

The logo for Christ Covenant Camp features the words "CHRIST COVENANT" in a large, dark blue, serif font. The word "CAMP" is written below it in a smaller, gold, bubbly font. The text is decorated with several gold stick figures: one playing a trumpet on the "I" of "CHRIST", one climbing a ladder on the "V" of "COVENANT", one climbing a tree on the "A" of "CAMP", and one holding a wheel on the "O" of "COVENANT". A dark blue tree with many leaves is positioned to the right of the text.

Summer 2024

Camp Catalog

American Girl Doll by Courtney Reid (Anything Under the Sun) \$200

Aligning with the purpose of American Girl, we seek to bring out the joy of girlhood. Through adventurous stories and imaginative play, we give girls the chance to find inspiration to be their best, to grow a strong mind and spirit, to laugh while learning to be resilient, confident, and kind. We will teach these ladies the dos and do nots of proper etiquette, while focusing on the seven pillars of Christ Covenant School...respect, order, unity, diligence, integrity, humility, and courage. Watch your child grow spiritually and socially, while building confidence along the way.

Art Camp by Meg Moore (Arts) \$175

Come creatively construct crafts of Creation! Our time together will be chock full of mixed media as we fashion and form painted paper collages, wire sculptures and other fun surprises you don't want to miss! Can't wait to see you there! Let's create with the Creator!

Astronomy by Jordan Snow (Academics) \$175

The sky's the limit this week as your child will get to explore the world above them. From learning about constellations, planets, and lunar craters to our sun's surface, exploring light diffraction, and building our own water rockets! Campers will also have the opportunity to retrace Galileo's footsteps and explore the universe as he did – through the lens of a simple, refracting telescope that's easy enough to assemble in camp, yet powerful enough to see all that lies above.

Cheer Intensive by Taylor Evans (Athletics) \$150

In this camp, students will focus on cheer techniques, chants, and stunts within a structure designed to take squads to the next level and help deepen bonds among teammates. A special guest coach from East Carolina will join us to provide instruction on more advanced tumbling stunts throughout the week.

Chess by Steven Smith (Anything Under the Sun) \$150

As we begin a new year, the Family Chess Club would like to welcome those new players visiting for the first time. We meet twice every week at Apt To Learn, 650 E Firetower Rd, Suite B, in Winterville. Thanks to owner, Michelle Cetner Brown, for hosting our meetings in such an awesome facility. Every Tuesday evening from 6:00-8:00pm, we teach kids ages 3+ chess tactics and offer all ages the opportunity to play across-the-board chess games. Every Wednesday evening from 6:00-9:00pm, we play across-the-board chess games. Throughout the year, we host sanctioned USCF chess tournaments. We offer a variety of family-oriented events to celebrate holidays as well. All skill levels are welcome. Chess sets are provided, but individuals are encouraged to bring their own sets to share with the group. Chess has grown in popularity in recent times, and we stand ready to share our love for the game of Kings with the local community.

Craft Creations by Courtney Reid (Arts) \$150

What's a better way to spend your summertime than crafting with friends and digging deeper in the Word? Join me for some summer fun during our craft workshop! We'll do small projects along with some bigger projects! Some individualized and some group projects! I can't wait to see what my craft-ies create this summer! Come join our fun!

Fraction Boot Camp by Anna Ipock (Academics) \$150

Do you need a fraction refresher before next school year? Then Fraction Boot Camp is for you! Key concepts include: naming and drawing fractions, improper fractions, mixed numbers, comparing fractions, adding and subtracting fractions, ordering fractions, word problems, and more.

JumpStart by Jeannie Brown (Academics) \$35 per session

Ever wish you could get a quick refresh on a skill or subject or a head start on the upcoming school year? Well then . . . Jumpstart is for you! The target audience for Jumpstart is twofold. First for students new to our school, this is an opportunity to work on any skills or subjects that may be new or different from their previous school experience. Secondly, for current students who would like to continue their growth by revisiting and practicing some aspect of their learning from the previous school year, Jumpstart is for you, too. During the weeks Jumpstart is offered, students will work individually with the facilitator during a 45-minute interactive session that targets those skills and subjects needed or requested. Parents can tailor the dates and times each week to fit their and their child's schedules.

Latin by Nikki Walker (Academics) \$150

Grades 1-3: Students will start to learn Latin via the "Songschool Latin" program. Students will follow monkey, Simeon, through Latin adventures and learn basic Latin vocabulary through songs and chants.

Grades 4-6: Students will learn Latin via the "Latin for Children: Primer A" book. This is a great continuation of the Latin students have learned in the 3rd grade, but it is also possible for students to start gaining a Latin foundation with no prior Latin experience. Students will learn Latin grammar and vocabulary as well as English derivatives in a lively and interactive way, as well as follow characters, Marcus and Julia as they look for dropped coins or maybe even greater treasures, in the story, "Along the Appian Way."

Lego Builders by Nathan and Robin Hudson (Anything Under the Sun) \$175

Welcome all junior brickmasters!!! We're excited to work on Lego projects that help students to observe the world around them, learn principles of design, plan a project, and then execute that plan, all while having tons of fun. Each day we'll focus on one aspect of design. Students will

learn about real-world examples of why that aspect is important and then create a Lego project that incorporates the design elements they are learning. Projects will be interspersed with fun activities, Lego building techniques, working with motors and periods of peer review where your junior builder will learn to give and receive helpful advice on how to improve a build.

Literacy Camp by Courtney Reid (Academics) \$150

If you want your child to build their literacy skills while having fun, this is the camp for you. Join us as we work on several types of literacy skills such as decoding, blending, sight words, and handwriting. During our time together, we will learn new skills, play interactive games, and cheer each other on. The goal of this camp is to not only learn some new skills but to foster a love of reading and writing!

Lockdown by Regan Waters (Summer Finale Event) \$65 per child

As a mother of four, I have heard the question more than once, “Do teachers live at school?” I followed-up this question with storytime reading, [My Teacher Sleeps In School](#) by Leatie Weiss.

It brought my children many laughs, but it also had them wondering what it would be like to actually live at school. It was my children’s imagination that birthed this slumber party overnight event. A pizza dinner with a movie playing on the big screen, followed by an indoor scavenger hunt, flashlight tag and the ultimate glow party are a few of the evening’s activities. The night will still be young as we praise our savior with guitar music from Christ Covenant’s very own Randy Bolling, enjoying s’mores and closing in prayer.

Wonder Lab by Maddy Johnson & Jordan Snow (Academics) \$150

Wanna enjoy some hands-on science fun this summer? Look no further than Lyndsey’s Wonder Camp. Let’s see what we can create together. Will it... Fly? Explode? Fizz? Grow? Or altogether flop? Can’t wait to see you put on your scientist’s hats and come explore the world of science with me through lots of labs and experiments this summer! You don’t want to miss this!

Musical Olympics by Annette Cox (Arts) \$150

Ninja Warrior (Athletics) \$200

Ages 4-8: Our Lil' Ninjas will develop basic skills such as running, jumping, balance, strength, and coordination. We will introduce ninja skills and courses including warped walls, rings, cargo net, and more ANW style obstacles in a FUN environment. This class is an excellent opportunity to develop skills and confidence for our older Warrior Zone classes.

Ages 9-12: Jr. Ninjas will swing, jump, climb, and more! We will teach & practice ninja skills and obstacles in fun and challenging ways. Along with building strength, balance and coordination, Jr. Ninjas will develop valuable social skills such as following directions, teamwork, problem solving, and group communication.

Princess Tea Party by Anadi Nava (Anything Under the Sun) \$175

Does your daughter love to play dress-up or play kitchen or serve her furry friends tea, then this is the camp for her. These ladies will leave each day feeling like royalty as they discover each one of them is a princess all the time because their father is the King of all Kings and Lord of all Lords. They will receive a visit from Carolina Cotillion's Ann Cherry, a CCS grandparent and a private etiquette instructor. She will teach these ladies the dos and do nots of proper etiquette, while focusing on the seven pillars of Christ Covenant School...respect, order, unity, diligence, integrity, humility, and courage. Watch your child grow spiritually and socially, while building confidence along the way.

Sew Creative by Johnna Modlin (Anything Under the Sun) \$175

We will have SEW much fun creating together! Sewing is a great way to practice patience and problem-solving skills, while building self-confidence, being creative and having FUN! Students will be taught important hand-sewing skills that they can use throughout their lives, such as threading a needle, basic stitches, and sewing on a button. Also, campers will experience the joy of selecting a fabric and transforming it into something amazing and useful! During this process they will learn some sewing lingo, the importance of ironing while sewing, how to use a pattern and a rotary cutter and of course... how to operate a sewing machine! On Friday students will come home with several projects that they created throughout the week, such as a pillowcase and a bag! We can't wait to see each campers' unique creations!

Soccer by Joel Grimm (Athletics) \$150

Soccer is the world's most popular sport played by all ages. Come be a part of our soccer camp where we will participate in drills, games, and scrimmage one another. Whether you have been playing soccer for years, or if you are coming to try it out and see if you enjoy it, there is a spot for you. Sessions are broken up by age group, so that you can all learn at your own development level.

Spartan Games by Darrell Ange (Athletics) \$175

Discover what makes a Spartan a Spartan. Come and learn about ancient Spartan culture as you are taught to unlock your hidden strengths and abilities. Spartan games will take place in a "Tribe" setting, teaching participants to push themselves physically and mentally. They will experience physical conditioning, strategic thinking, confidence building, trust/team building. All the while learning how these elements launch students into Spartan Athletics. The final day will result in a Tribe vs Tribe challenge to showcase the skills they have learned. Are you up to the challenge?? If so then, Shields up Spartans!!!

Superhero by Anadi Nava (Anything Under the Sun) \$150

Calling all Superheroes!!!! Your child will get to explore his or her imagination as we become Superheroes for the week. Whether they are a fan of DC Comics or Marvel, they will get their share of an action-packed week from designing their own capes and masks to mapping out their own defense plan on-site to defeat the ultimate villain. Come and have a great time at our Superheroes camp.

Sweet Eats by Allison Anderson (Arts) \$200

Sweet Eats will be taking a turn this Summer from cookies to cakes and edible treats. Each day will take on a different theme while building upon the previous day's skill. From piping techniques and designs to exploring fondant to mastering the perfect balance between salt and sweet, your junior baker will begin to create some very delectable treats while using his or her imagination and creative style. Be amazed as your child joins you in the kitchen to share tricks of the trade.

Theatre by Taylor Evans (Arts) \$150

In this camp, students will learn basic theatre terminology, as well as dances and songs to a few of their favorite musicals. They will bravely explore new worlds and ideas, courageously create new characters, and practice their skills working with others through creative projects. We will foster a supportive environment for youth as they bring their individual ideas together to create new stories to share with an audience.
